Report on Symposium

Department of Computer Science & Engineering In association with CSI of India organized a Technical symposium -*Raise of Software Engineers 2K19* on 9th of March 2019 at CSE department. This event works as a medium to channelize the abundant energy in the right direction and help students to discover, showcase their talents in varied activities and learn new skills.

The programme was marked with the following events such as paper presentation, Code debugging, Poster Designing and Web Page Designing. Students participated enthusiastically.

Tamil Nadu State Council For Science And Technology has approved and granted funds for our final year CSE students on the Project Title "Secure And Efficient ECG Based Authentication" Project Code is CSE-036. Students N.Ponraj, G.Senthil Kumar and M.Sakthivel of Final year students were appreciated for their project approval in this event.

To boost the confidence of students they are recognized by giving certificates for their exceptional talents and achievements. The event was diligently concluded.
